Summary

This article entails the procedure of how to do billing for multiple mailboxes.

Applies To

MachPanel all versions

Solution

You can do billing for multiple mailboxes with the help of add-on features of MachPanel. This can be done by following the steps given below:

Step 1:Create Mailbox as an Add-on

In order to create mailbox as an add-on

Navigate to: **Service Plans >> Exchange Hosting Products**

Click Edit on sixth step Click Create New Add-on.

Step 2: Sell Mailbox as an Add-on Through Offline Order

To sell mailbox as an add on through offline order

Navigate To: **Home >> Client Manager >> Offline Order Click Add-on**

After This Select Package Type: Microsoft Exchange 2007.

Then select your exchange package and select Add-on you want to sell.
