

How to Add a New Mailbox

Summary

This article provides information about how to **add a new Exchange mailbox** in MachPanel Control server.

Applies To

MachPanel v6.1.30 & above.

Pre-Requisites

Exchange has been integrated with MachPanel if not then follow:

<http://kb.machsol.com/Knowledgebase/Article/50264>

Procedure

- Go to **Home >> Service Director>> Exchange Hosting >> Exchange Accounts**
- Clicking on Exchange accounts will open the new page. Click on **service management** against the organization in which you want to create new mailbox,
- On the next page click on the **Mailbox** tab and then Move pointer\cursor on **Add New Mailbox** button and select Mailbox type as shown below.

The screenshot displays the MachPanel interface for managing Exchange mailboxes. The breadcrumb navigation at the top reads: Home > Service Director > Exchange Hosting > Exchange Accounts > Manage Service. The main header shows 'Manage - #172 Clerto(Co)'. Below this, there are several tabs: General Settings, Mail Domains, Mailboxes (highlighted with a red box), Mail Contacts, Distribution List, Public Folders, Wireless Service, Rules, Group Actions Log, and Compliance Management. A search bar is present below the tabs. The 'Operations' section contains several buttons: Add Mailbox (with a red arrow pointing to it), Add Bulk Mailbox, Add Bulk Linked Mailbox, Group Actions, Remove & Export Failed Bulk Mailboxes, Linked AD Settings, and Add Export PST Job. A dropdown menu is open under 'Add Mailbox', showing options: User mailbox, Linked mailbox, Shared mailbox, Room mailbox, and Equipment mailbox. Below the dropdown, there is a table with columns for 'Mailbox', 'Details', and 'Options'. The table contains one entry: 'Abbott and Sons - Abbott.and.Sons@clerto.net'. The details for this mailbox are: Status: Active, Hidden from Address List: No, Type: User Mailbox, Mailbox Template: --, Usage: 0 MB of 125 MB, and Litigation Hold Enabled: No. The 'Options' column has a menu icon.

How to Add a New Mailbox

- In **Add Bulk Mailboxes**, you can select **Mailbox type** from the dropdown list.

Add Bulk MailBox Go Back to Listing

Use this interface to create multiple exchange mailboxes. Provide a comma separated list (.csv) of mailboxes that you wish to setup for the selected organization.

*Select User: Create new users using CSV file Enable existing Active Directory users

*Mailbox type: User Mailbox

*Managed by:

*Available Domains:

*Language:

*Time zone:

*Mailbox database: Mailbox Database 0163945632

CSV file to import: Select file Sample CSV file

Next Cancel

Types of Mailboxes supported in MachPanel:

- User Mailbox
- Room Mailbox
- Equipment Mailbox
- Linked Mailbox
- Shared Mailbox for Ex 2013\2016

Note: Please find the KB article for more details on "Linked mailboxes" at <http://kb.machsol.com/Knowledgebase/Article/50339>

Add Mailbox G

*Select Template: Enterprise Show Template details

*Mail-enable active directory user: Add New MailBox

*First Name: MB

*Last Name: 01

*Full Name (Display name): MB 01

*Primary email: MB01 @ _____

*Mailbox type: User Mailbox

* Company: _____

How to Add a New Mailbox

Fill the form by

- **Select Template:** Select appropriate template for your Mailbox.
- **Full Name:** Provide full name of the user\mailbox.
- **Primary Email:** Provide your email address.
- **Mailbox Type:** Select mailbox type as mentioned above.
- **Password:** Provide password of length and complexity defined.

The screenshot shows two sections of the mailbox creation interface. The top section is titled "Full Access (Auto-Mapping Enabled)" and the bottom section is titled "Full Access (Auto-Mapping Disabled)". Both sections have a "Type to search" input field. Below the search field, there are two columns: "Selectable" and "Selected". The "Selectable" column contains a list of mailbox options with a scroll bar: "Conference Room - Conference@contoso.com (Mailbox)", "Keith Prank - Keith.Prank@contoso.com (Mailbox)", "LinkedMB1 - LinkedMB1@contoso.com (Mailbox)", "linkedmbafterhf - linkedmbafterhf@contoso.com (Mailbox)", "linkedMBnewtest - linkedMBnewtest@contoso.com (Mailbox)", "myofficeplace - myofficeplace@contoso.com (Mailbox)", and "Simon.Hains - Mailbox.A@contoso.com (Mailbox)". The "Selected" column is empty. Between the two columns are four green buttons: ">|", "|<", ">", and "<".

You can also assign "Permissions" such as **Send On Behalf** and **Send As** while creating Mailboxes.

Provide storage for an individual mailbox during creation
Issue warning at (MB):
Prohibit send at (MB):
Prohibit send and receive at (MB):

How to Add a New Mailbox

- After providing all the details on next page for the new mailbox, click on save and it will add a new mailbox for that organization showing provisioning status as shown in snapshot below:

<input type="checkbox"/> testdemo1 - testdemo1@contoso.com	Status: Provisioning Type: User Mailbox Usage: 0 MB of Unlimited	Hidden from Address List: No Mailbox Template: -- Litigation Hold Enabled: No	
--	---	--	--

To see complete details, click **Group Actions** Tab:

General Settings	Mail Domains	MailBoxes	Mail Contacts	Distribution List	Public Folders	Disclaimer
Group Actions	Retention Settings	SPAM Filters				
Group Actions						
Search +						
Operations						
Reset Tries Count						
Status	Command	Date Entered	Tries	Option		
In Process	Create MailBox testdemo1 [testdemo1@contoso.com]	26.02.2018 10:21:26	0	Run		
Displaying: 1- 1 of 1						Displaying per page: 20 Change

Wait for the status to update as Completed. If the Tries count stays on 0. Log into Control Panel Server and start MachPanel Provisioning Service. Recheck after 5 minutes.

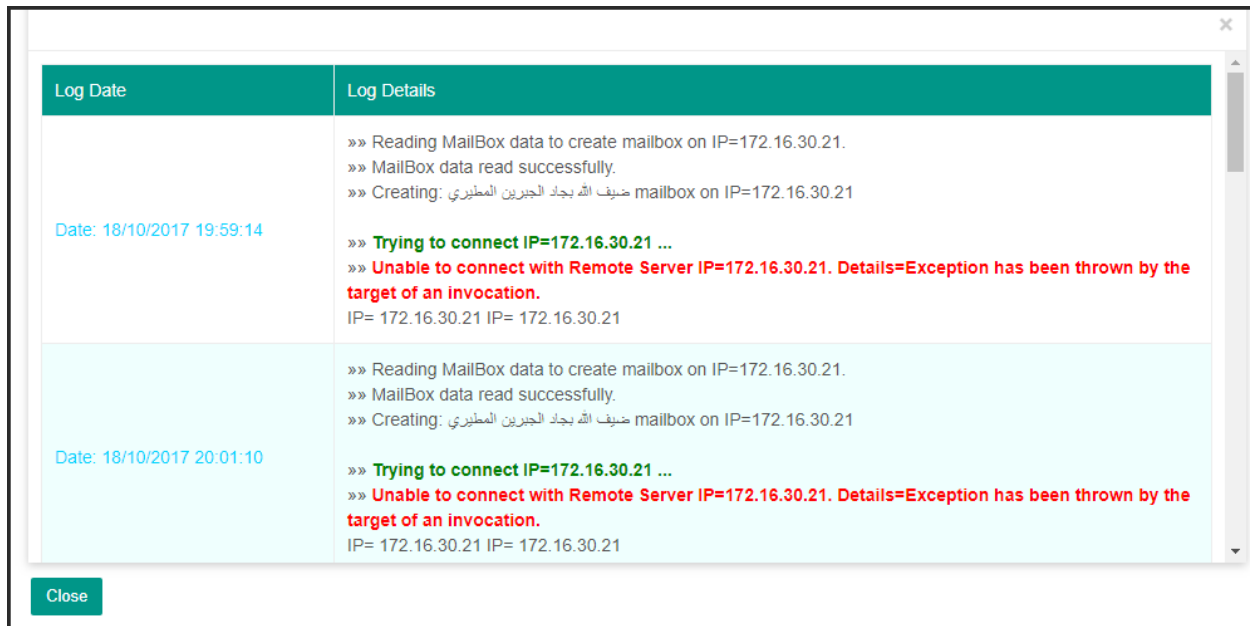

Status	Command	Date Entered	Tries	Last Tried	Customer	Owner	Added by	Option
Completed	Create MailBox testdemo1 [testdemo1@contoso.com]	26.02.2018 10:21:26	1	26.02.2018 10:23:12	#5 Demo Customer [Company]	Host Admin (Provider)	Employee #1 Sales Admin	Run

Failed Status: If you see failed status please click on the Failed link & see more details of the issue e.g given below:

Failed	Create MailBox حنيف الله بجات الجبرين المظيري [Zaif.Allah@zero.com]	18/10/2017 19:59:10	10	18/10/2017 20:53:03	#12 robot test [abc]	Host Admin (Provider)	Employee #1 Support Admin	Run Change Password
