Resolved Issues

MachPanel (General):

- o Remove hard coded style information from MachPanel.

HostMatic:

- o Email member group failed to delete in case of Mail Enable.

- o Email Aliases failed to remove in case of Mail Enable

- o Error in provisioning .co and .org domain registration

- o Cancelling Shared Hosting subscription giving error at first attempt

- o Backup/Restore functionality not working properly in case of SQL 2005

- o Error in Adding A record in DNS

Store Configuration:

- o Cart Items count not decreasing even after removing an item from list.

- o Error in cart when check out button was clicked.

SharePoint:

- o SharePoint order form adjusted to cater for both Vanity and Sub-domain sites

Payment Groups:

MachPanel 4.2 Build 29 Release Notes (Sep 29,2011)

- o Displaying multiple payments groups options on one page when different payment groups are edited
- o Hiding Credit Card information so that no one can see from MachPanel
- o Fixing displayed payment gateway if offline payment is selected

Exchange 2007/2010:

- o Confirmation check while enabling/disabling mailbox.
- o Outlook 2010 showing the Distribution list members by which user can get information of other organizations
- o Removed permissions for Authenticated Users group on new organizations
- o In mailbox usage report numbered values are stored in string format rather than number when saving in Excel
