## Summary

This article provides summary on how to add ADSync templates.

## Applies To

This article applies to MachPanel build version 5.3.10 & above.

## Add ADSync Templates

In MachPanel Active Directory, Provider can define ADSync templates, listing to configure what attributes to be Synced from "Local AD" to "Hosted AD" (which attributes to sync via ADSync).

 Navigate to the path: Home » Service Director » Active Directory » ADSync Templates, Click on Add AdSync Template button as shown below:

Search in menu 🔻	Home > Service Director > Active Directory > ADSyn	c Templates			
👚 Home					
Lustomer Manager +	ADSync Template				
🔁 Help Desk +					
GP Service Director –	Search			-	
🛠 General +	MachSol US, Inc. [Host Admin (Pror - Template Na	ame Select organizational unit
