## Add CSP Service Plan

Add a new CSP Product from the following path: **Home » Service Plans » Microsoft CSP Products**

The screenshot shows the 'Microsoft CSP Products' management page. At the top, there is a breadcrumb trail: Home > Service Plans > Microsoft CSP Products. Below this, there are three tabs: 'Reseller Product Listing', 'Customer Product Listing' (which is highlighted with a red box), and 'Add-on Management'. Under the 'Customer Product Listing' tab, there is an 'Operations' section with four buttons: 'Add New Product' (highlighted with a red box), 'Export', 'Import', and 'Update Index'. Below the operations section is a search bar with a '+' icon. A table displays the product details:

Status	Index	ID ↑	Products Name ↑	Total Sold	Date Created	Products Type ↑	Options
Enabled	0	34	CSP Product	8	09/05/2017	Office 365 Services	☰

At the bottom of the table, it says 'Displaying: 1- 1 of 1' and 'Displaying per page: 80 Change'. There is also an 'Update Index' button at the bottom left of the table area.

Choose correct Microsoft 365 Partner Profile.

The screenshot shows the 'Add New Product' form. At the top, there is a breadcrumb trail: Home > Service Plans > Microsoft CSP Products >. Below this, there are several tabs: 'Basic Info' (highlighted), 'Resources', 'Offers', 'Payment Cycles', 'Price Group', '3rd Party Products', and 'Associate Add-on'. The form fields are as follows:

## CSP Profile Configuration

**Note:**

1. Only one locale & country is allowed for single plan, if you want to sell any customer multiple plan you must change the locale & country.
2. You can create profile for different *locale* and *country* and then add it your new service plan. You will be able to sell multiple service plan to same reseller based on locale and country.
