## Add Power BI View

A new option is **Power BI View** tab added to allow View of Microsoft Power BI under Microsoft CSP Profiles section. **Power BI** is a business analytics service provided by **Microsoft**. It provides interactive visualizations with self-service **business intelligence** capabilities, where end users can create reports and dashboards by themselves, without having to depend on information technology staff or database administrators.

- Navigate to the following Path: **Home > Service Director > Microsoft CSP > Microsoft CSP Profiles**
- Select **Power BI View** tab and click **Add Power BI View**.

The screenshot shows the 'Microsoft CSP Profiles' page with the 'Power BI View' tab selected. Below the search bar, there is an 'Add Power BI View' button. A table lists the existing views:

View Name	View Link	CSP Profile	Options
