

Authenticate Active Directory user (Staff, Customer and Contact).

Summary

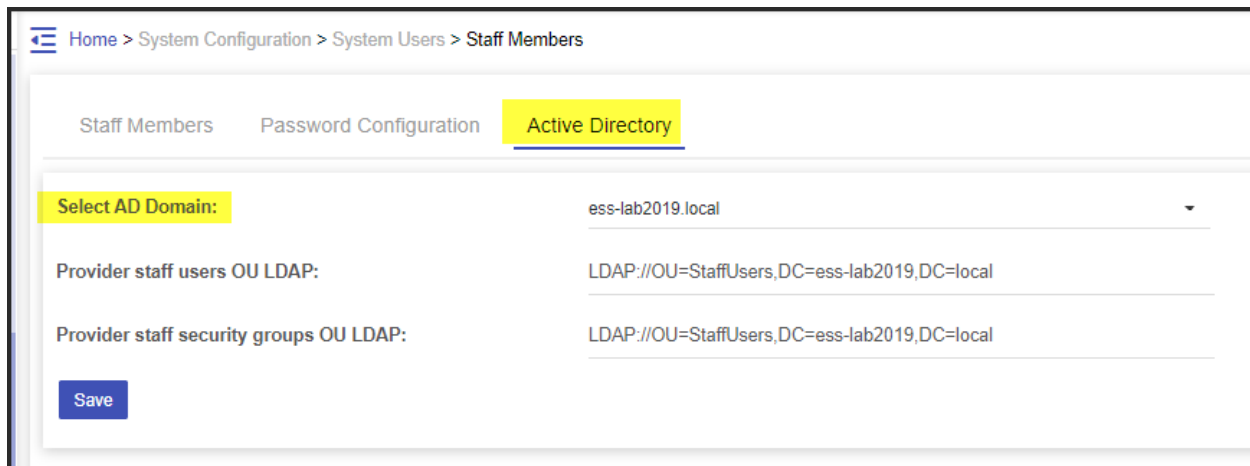

This article provides summary on how to authenticate Active Directory user credentials (Staff, Customer and Contact) to login to MachPanel.

Applies To

Applies to MachPanel build v6.1.30

Active Directory configuration:

- In order to configure authentication Active Directory **users** and **security groups** navigate to the following path: **Home > System Configuration > System Users > Staff Members**
- Select **Active Directory** tab as shown below:

The screenshot shows the MachPanel configuration interface for Active Directory authentication. The breadcrumb navigation is "Home > System Configuration > System Users > Staff Members". There are three tabs: "Staff Members", "Password Configuration", and "Active Directory", with "Active Directory" selected and highlighted in yellow. Below the tabs, there are three input fields:

- Select AD Domain:** A dropdown menu with "ess-lab2019.local" selected.
- Provider staff users OU LDAP:** A text input field containing "LDAP://OU=StaffUsers,DC=ess-lab2019,DC=local".
- Provider staff security groups OU LDAP:** A text input field containing "LDAP://OU=StaffUsers,DC=ess-lab2019,DC=local".

A blue "Save" button is located at the bottom left of the configuration area.

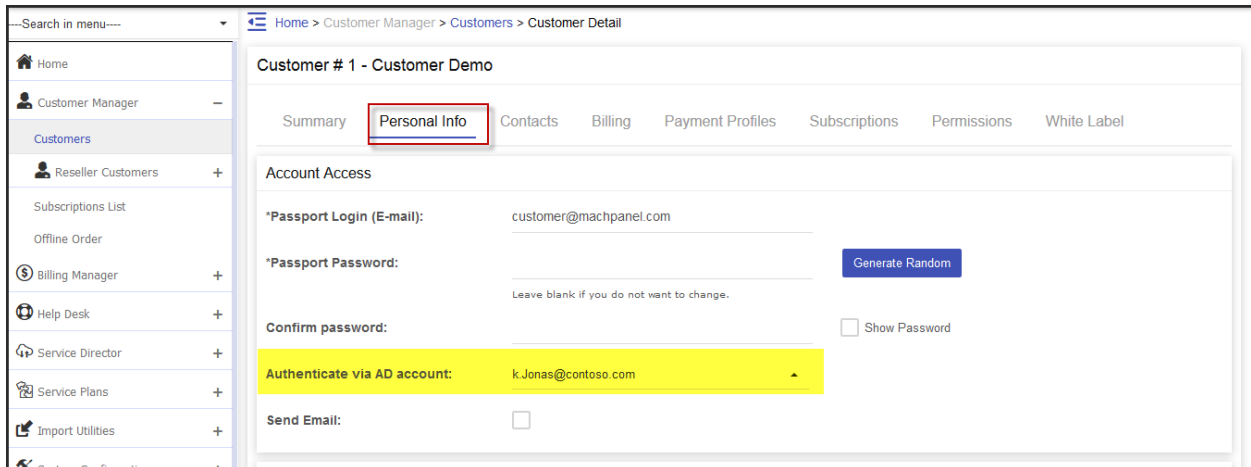

1. Select Ad Domain
2. Provider staff users OU LDAP
3. Provider staff security groups OU LDAP
4. Click **Save** when done.

Active Directory user credentials (Staff, Customer and Contact) Authentication

Customers

Authenticate Active Directory user (Staff, Customer and Contact).

- Click on customer Name and select **Personal Info** tab

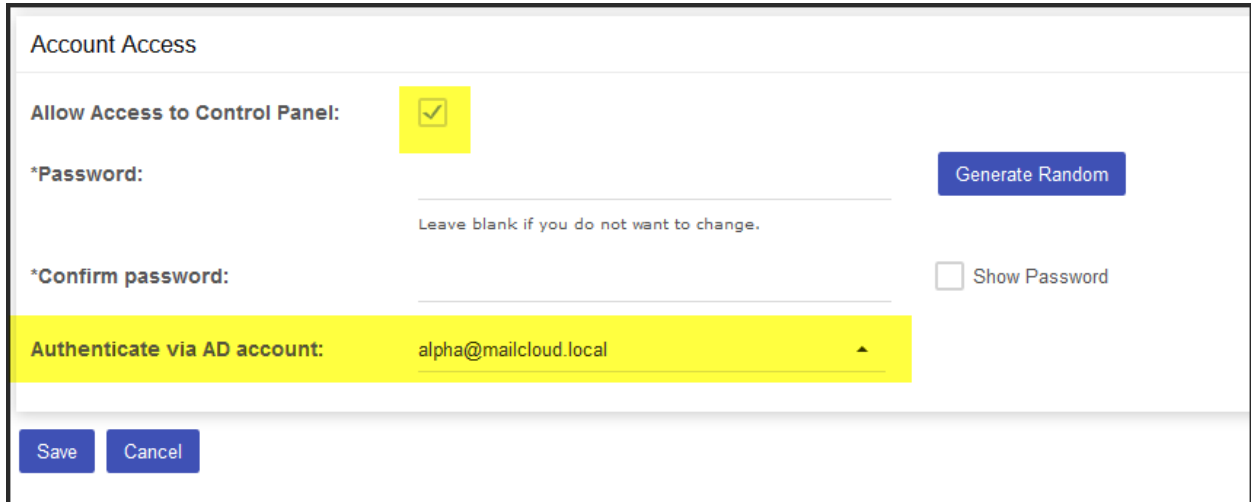

The screenshot shows the 'Customer # 1 - Customer Demo' page in the Customer Manager. The 'Personal Info' tab is selected and highlighted with a red box. The page contains the following fields:

- Account Access**
- *Passport Login (E-mail):** customer@machpanel.com
- *Passport Password:** (with a 'Generate Random' button and the instruction 'Leave blank if you do not want to change.')
- Confirm password:** (with a 'Show Password' checkbox)
- Authenticate via AD account:** k.Jonas@contoso.com (highlighted in yellow)
- Send Email:** (checkbox)

Contact of Customer

- On Add/Edit Contact select Allow access to Panel.
- Select AD user

The screenshot shows the 'Account Access' form. The 'Allow Access to Control Panel:' checkbox is checked (highlighted in yellow). The form includes the following fields:

- *Password:** (with a 'Generate Random' button and the instruction 'Leave blank if you do not want to change.')
- *Confirm password:** (with a 'Show Password' checkbox)
- Authenticate via AD account:** alpha@mailcloud.local (highlighted in yellow)

At the bottom, there are 'Save' and 'Cancel' buttons.

Staff User

- Click **Edit** in from of a Staff User/Member and provide UPN of AD account to authenticate.

This is a partial screenshot of a form, likely for editing a staff user. A yellow highlight is visible on a field, which according to the text above, is for providing the UPN of an AD account.

Authenticate Active Directory user (Staff, Customer and Contact).
