- Enhancement: New tab "Compliance Management" is added in Exchange organization management.
- Enhancement: Added CompanyName in Exchange Database Customer/Reseller select list.
- Enhancement: Added "Set as Primary Email" option in Contact Add/Edit". (Option can be shown/hidden through checkbox at "Service Director > Exchange Hosting > Exchange Server Group > General Settings Tab").

- **CSP/Office 365:**

- Enhancement: API web service method to access usage report for Microsoft CSP
- Enhancement: CSP tenant import with linked AD OU is updated.
- Enhancement: Auto Schedule Sync all or selected CSP Tenants added for provider in workflows.
- Enhancement: Turn off sync all SharePoint sites in MachPanel (CSP)

## MachPanel Build v6.3.30 Release Notes (April 13, 2020)

- Enhancement: Restructure the CSP tenant management menu
- Improvement: Removed "Make this person change password on next login" checkbox for Linked AD management case.
- **Hyper-V/VPS:**
  - New Feature: ISO management added in Hyper-V module.
  - Enhancement: Include Snapshot space in Given Storage.
- **Skype for Business/Lync:**
  - Enhancement: Select Any Region and Type in S4B Addons.
  - Enhancement: When Customer is moved from one Reseller to Another, the DIDs assigned to Customer are moved to new Reseller automatically.

## 5. Resolved / Fixed Issues

- **General (Billing, Helpdesk):**
  - Issue Fixed: Password special character crashes the site
  - Issue Fixed: Password policy help text issue.
  - Issue Fixed: Removed extra space character from Org Suffixes.
- **Exchange:**
  - Issue Fixed: Wrong Dutch translation when password format is incorrect.
  - Issue Fixed: Distribution List Set as Primary Email does not work.
  - Issue Fixed: Litigation hold is enabled on the customer but disabled in the customer template.
- **CSP/Office 365:**
  - Issue Fixed: Tenant URL and tenant name are incorrect during import.
  - Issue Fixed: Fixed error in O365 teams Phone Number management.
  - Issue Fixed: Error in Teams Direct Routing
  - Issue Fixed: Updated Password Policy settings for Tenant, When Password never Expired is checked, rest of inputs are not needed.
