

Update MachPanel REST API (Updated 10 June 2025) for MachPanel Build 8.0.32

Summary

This article guides how to update MachPanel REST API

Prerequisites

MachPanel REST API is configured already ([How to configure?](#))

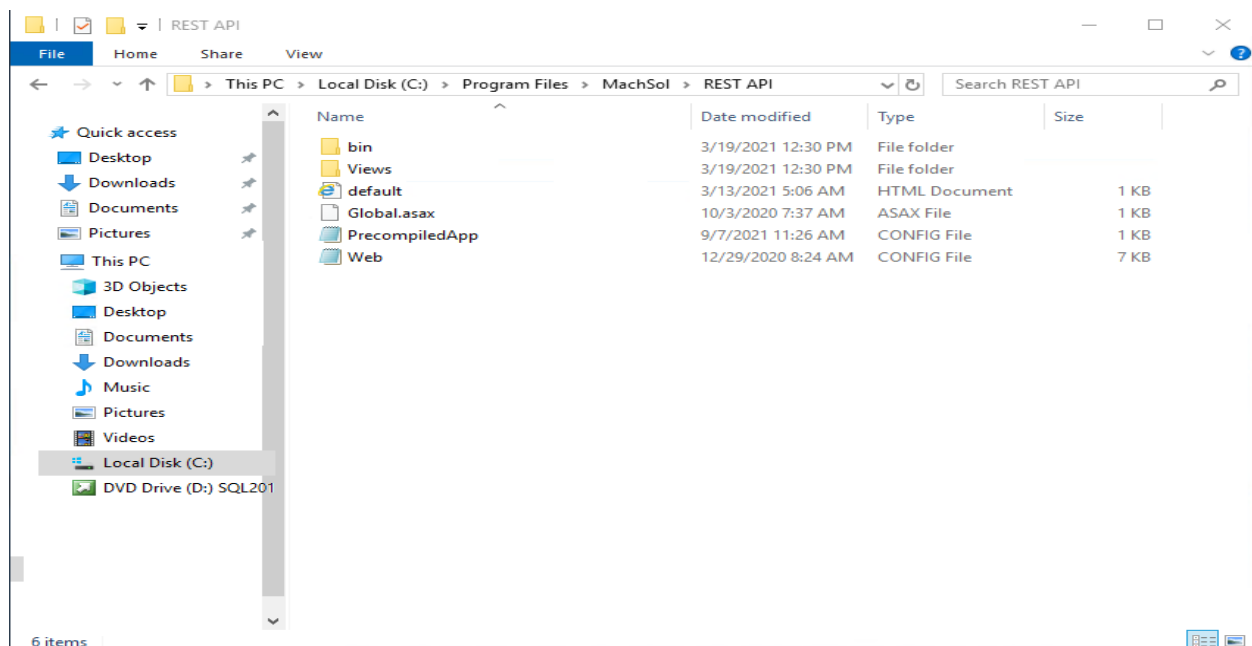

Important Note:

Update MachPanel REST API (Updated 10 June 2025) for build version 8.0.32

Do note that if REST API is installed by MachPanel installer under C:/Program Files/Machsol/RESTAPI and it is operational in your environment, then auto update will update RESTAPI files as well. Manual update is needed when RESTAPI is installed on other then default location.

Update process

Please download Latest **REST-API.zip** from below link, unzip, and replace the existing files with these updated files

Update MachPanel REST API (Updated 10 June 2025) for MachPanel Build 8.0.32

Note: If you downloaded and configured MachPanel REST API After September 9th, 2024, then this update is already included.
